Proudly Presents:
"Environmental and Health
Consequences
Of
Clandestine Methamphetamine
Laboratories"

Tuesday, April 12th 2011
Fallon Convention Center
100 Campus Way, Fallon, NV 89406
9:00 AM – 4:30 PM

***** Registration is free and must be completed by April 5th, 2011 *****
<http://www.trainex.org>

This course offers a unique opportunity to learn about the clinical health effects of methamphetamine use and abuse, the hazards of synthesis, and responder concerns at clean up and remediation of clandestine laboratories. Children's health and exposure considerations will also be presented. This summit will also include a special session on EPA Brownfield grants for use in meth lab assessment and cleanup.

For additional information or questions, please contact Libby Vianu at ATSDR: (415) 947-4319 vianu.libby@epa.gov. or Amber Neff ITCN/SNAC Meth Project Coordinator (775) 355-0600.
