

RCRA Facilities Investigation Remedy Selection Track Toolbox Training

Regions 3 and 7, in partnership with ORCR and Region 2's Caribbean Environmental Protection Division, invite RCRA project managers, facility representatives, and consultants to a training on opportunities to improve corrective action using the **RCRA Facilities Investigation Remedy Selection Track (FIRST) tools**.

Why Attend?

RCRA FIRST provides tools to manage corrective action projects with a streamlined approach. The RCRA FIRST tools were developed based on the outcomes of two Lean events. The RCRA FIRST approach:

- ❑ Reduces time and costs needed to complete the facility investigation and remedy selection
- ❑ Accelerates positive environmental results for affected communities
- ❑ Provides a roadmap with process metrics to drive continuous improvements
- ❑ Enhances communication throughout the process
- ❑ Ensures all stakeholders have a clear understanding of the steps to select a remedy and complete construction

The training will provide an overview of the **RCRA FIRST Toolbox**, which contains the following resources:

- How-to guidance
- Case studies from pilot projects
- Process flow maps
- Tools and templates

The Training will include a discussion of RCRA Corrective Action at Puerto Rico facilities, exercises, and a special focus on remedy the selection process.

DATE: February 22-23, 2017

TIME: 2/22: 9:00 AM - 4:00 PM
2/23: 9:00 AM - 2:30 PM

LOCATION: US EPA - Region 2
Caribbean Environmental
Protection Division
Rainforest Room
48 CARR 165 STE 7000
City View Plaza II
Guaynabo, PR 00968-8073

REGISTER AT:

www.trainex.org/RCRAFIRST
